

A hand-drawn mobile app wireframe for a nickname registration screen. The screen is enclosed in a rounded rectangle with a thick black border. At the top, there is a status bar with a grey background, containing icons for Wi-Fi, cellular signal, battery, and the time 13:20. Below the status bar is a navigation bar with a button labeled '메인으로' (Main) on the left. The main content area is a large rectangle with a black border, containing the text '사용자 정보 동의 내용' (User Information Consent Content) at the top. Below this text is a large empty rectangular box. Underneath the box is the text '사용하실 닉네임을 입력하신 후, 중복확인을 해주세요' (After entering the nickname you will use, please confirm the duplicate). Below this text are two input fields: a long one labeled '닉네임 입력 창' (Nickname Input Field) and a shorter one labeled '중복확인' (Duplicate Confirmation). At the bottom of the screen is a large button labeled '가입하기' (Sign Up).
